Owner's Record

The model number and the serial number are located on the bottom. Record the serial number in the space provided below. Refer to them whenever you call upon your Sony dealer regarding this product.

Model No. RDP-X200iP

Serial No.

For customers in the USA
Please register this product on line at <http://www.sony.com/producerregistration>
Proper registration will enable us to send you periodic information about products, services and other important announcements. Registering your product will also allow us to contact you in the unlikely event that the product needs adjustment or modification. Thank you.

WARNING

To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

To reduce the risk of fire, do not cover the ventilation of the apparatus with newspapers, tablecloths, curtains, etc. And do not place lit candles on the apparatus.

To reduce the risk of fire or electric shock, do not expose this apparatus to dripping or splashing, and do not place objects filled with liquids, such as vases, on the apparatus.

Do not install the apparatus in a confined space, such as a bookcase or built-in cabinet.

Do not expose the batteries (battery pack or batteries installed) to excessive heat such as sunshine, fire or the like for a long time.

As the main plug is used to disconnect the unit from the mains, connect the unit to an easily accessible AC outlet. Should you notice an abnormality in the unit, disconnect the main plug from the AC outlet immediately.

The unit is not disconnected from the AC power source (mains) as long as it is connected to the wall outlet, even if the unit itself has been turned off.

The nameplate and important information safety are located on the bottom exterior of the main unit and on the surface of the AC adapter.

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

This equipment must be co-located or operated in conjunction with any other antenna or transmitter.

This equipment complies with FCC/IC radiation exposure limits set forth for an uncontrolled environment and meets FCC Part 15 and RSS-202 of the IC radio regulations. This equipment has been tested and found to comply with the limits for a radio frequency (RF) exposure device for the low levels of RF energy that it emits to comply without maximum permissive exposure evaluation (MPE). But it is desirable that it should be installed and operated keeping the radiator at least 20cm or more away from person's body (excluding extremities: hands, wrists, feet and ankles).

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than necessary for the intended service.

This equipment complies with FCC/IC radiation exposure limits for a mobile device, pursuant to Part 15 of the FCC Rules and RSS-202 of the IC regulations. This equipment has been tested and found to comply with the limits for a mobile device for the low levels of RF energy that it emits to comply without maximum permissive exposure evaluation (MPE). But it is desirable that it should be installed and operated keeping the radiator at least 20cm or more away from person's body (excluding extremities: hands, wrists, feet and ankles).

For the state of California USA only

Perchlorate Material - special handling may apply, see www.dtsc.ca.gov/hazardouswaste/perchlorate

Perchlorate Material: Lithium battery contains perchlorate

Disposal of Old Electrical & Electronic Equipment (Applicable in the European Union and other European countries with separate collection systems)

On Copyrights and Licenses

The unit and its accessories are owned by the Bluetooth SIG, Inc. and any use of such marks by Sony Corporation is under license. Other trademarks and trade names are those of their respective owners.

iPhone, iPod, iPod classic, iPod nano, and iPod touch are trademarks of Apple Inc., registered in the U.S. and other countries. iPod is a trademark of Apple Inc.

"Made for iPod," "Made for iPhone," and "Made for iPad" mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod, iPhone, or iPad may affect wireless performance.

Precautions

Danger of explosion if battery is incorrectly replaced. Replace only with the same type.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules and RSS-202 of the IC regulations. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio communications, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult the dealer or an experienced radio/TV technician for help.

NOTES ON LITHIUM BATTERY

• Wipe the battery with a dry cloth to assure a good contact.

• Be sure to observe the correct polarity when installing the battery.

• Do not hold the battery with metallic tweezers, otherwise a short-circuit may occur.

• Reorient or relocate the receiving antenna.

• Increase the separation between the equipment and receiver.

• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult the dealer or an experienced radio/TV technician for help.

WARRANTY

• Replace the battery for the remote control with a Sony CR2025 lithium battery only. Use of another battery may present a risk of fire or explosion.

• Batteries may explode if misreated. Do not recharge, disassemble, or dispose of in fire.

• Dispose of used battery promptly, according to local environmental laws and guidelines in force. Keep away from children.

• The iPod nano (6th generation) cannot be controlled by the remote when the command of "MENU", "*", "*", and "ENTER" is pressed.

Design and specifications are subject to change without notice.

Example: iPhone 4S

• You can set up to 10 alarms, using songs in iPod or Preset Sound in D-Sappli for the alarm sound.

Music Play Timer allows you to play/pause desired music at a desired time. Sleep Timer allows you to specify a time at which to stop music playback. Alarm, Music Play Timer and Sleep Timer work in combination with the power indicator.

• When "Connected" appears on the display of the iPod, pairing and connection are complete.

Example: iPhone 4S

• If the App to link with this unit is not downloaded to the iPod touch/iPhone/iPad, a pop-up message prompting you to download D-Sappli may appear repeatedly. Deactivate the App's link function to stop the pop-up message.

• To deactivate the App's link function: Connect the AC adapter, and then press **I/O** to turn off the unit. Remove the iPod touch/iPhone/iPad from the Dock Connector. While holding down **PAIRING** also press and hold **I/O** on the unit for at least 2 seconds. (The power indicator flashes twice when deactivated.)

• To re-activate the App's link function, repeat the above steps. (The power indicator flashes once when activated.)

Notes

• If the App to link with this unit is not downloaded to the iPod touch/iPhone/iPad, a pop-up message prompting you to download D-Sappli may appear repeatedly. Deactivate the App's link function to stop the pop-up message.

• To deactivate the App's link function: Connect the AC adapter, and then press **I/O** to turn off the unit. Remove the iPod touch/iPhone/iPad from the Dock Connector. While holding down **PAIRING** also press and hold **I/O** on the unit for at least 2 seconds. (The power indicator flashes twice when deactivated.)

• D-Sappli also includes a clock display enlarge feature.

• If the App to link with this unit is not downloaded to the iPod touch/iPhone/iPad, a pop-up message prompting you to download D-Sappli may appear repeatedly. Deactivate the App's link function to stop the pop-up message.

• To deactivate the App's link function: Connect the AC adapter, and then press **I/O** to turn off the unit. Remove the iPod touch/iPhone/iPad from the Dock Connector. While holding down **PAIRING** also press and hold **I/O** on the unit for at least 2 seconds. (The power indicator flashes twice when deactivated.)

• To re-activate the App's link function, repeat the above steps. (The power indicator flashes once when activated.)

Example: iPhone 4S

• If the App to link with this unit is not downloaded to the iPod touch/iPhone/iPad, a pop-up message prompting you to download D-Sappli may appear repeatedly. Deactivate the App's link function to stop the pop-up message.

• To deactivate the App's link function: Connect the AC adapter, and then press **I/O** to turn off the unit. Remove the iPod touch/iPhone/iPad from the Dock Connector. While holding down **PAIRING** also press and hold **I/O** on the unit for at least 2 seconds. (The power indicator flashes twice when deactivated.)

• To re-activate the App's link function, repeat the above steps. (The power indicator flashes once when activated.)

Notes

• The operation and display may differ depending on the model of iPod and/or software version. For details, refer to the user's guide of the iPod.

• Pairing mode is canceled after about 5 minutes. If pairing mode is canceled halfway, start over from step 3.

• If pairing is not complete, start over from step 3.

• To pair with another iPod, repeat steps 1 to 5.

• In step 3, if a double-beep sound is not heard or the Bluetooth indicator does not flash quickly, press and hold **PAIRING** (3) on the remote) again.

• If you turn off the unit or the iPod before the Bluetooth connection is complete, pairing information will not be saved, and pairing will not be completed.

Notes on pairing with a Bluetooth device other than iPod

• When pairing with a Bluetooth device other than iPod, after step 3, pass code input may be required in your Bluetooth device. In this case, input "0000".

• The operation and display may differ depending on the Bluetooth device and/or software version. For details, refer to the user's guide of the Bluetooth device.

To listen to sound

Keep the iPod and the unit within 10 meters (about 30 ft) of each other for this operation.

Check the following before operating the unit.

• The Bluetooth function of the iPod is on.

• Pairing of the unit and the iPod is complete. If pairing is not completed, perform pairing again. (See "To pair with an iPod".)

1 Press **I/O**.

2 Press **BLUETOOTH** (3) on the remote) to turn on the Bluetooth function.

The last connected iPod will be reconnected automatically when the Bluetooth function is turned on.

3 Select your desired music, video, game, etc., to play on the iPod. For details, refer to the user's guide of the iPod.

Tips

• If the last connected iPod does not reconnect automatically, press **BLUETOOTH** (3) on the remote). If it still does not reconnect, select the model name of this unit from the iPod. (Perform steps 4 to 5 in "To pair with an iPod".)

• To use an alternative iPod, which has already been paired with this unit, press **BLUETOOTH** (3) on the remote) to disconnect the currently connected iPod. Then select the model name of the unit from the alternative iPod you want to connect.

• You can charge the iPod on the dock while listening to music via Bluetooth connection.

• If the volume level is low, adjust the volume of the Bluetooth device.

To finish listening

Terminate the Bluetooth connection by any of the following operations.

• Turn off the unit.

• Turn off the iPod.

• Press **BLUETOOTH** (3) on the remote), **iPod**, or **AUDIO**.

• Operate the iPod to terminate the connection. For details, refer to the user's guide of the iPod.

To remove the iPod

For details, see "How to handle an iPod".

To charge an iPod

You can use the unit as a battery charger for an iPod. Charging begins when the iPod is connected to the unit. The charging status appears in the display on the iPod. For details, refer to the user's guide of the iPod.

Notes

• If a pop-up message appears on the display of the iPod touch, iPhone or iPad, see "About App".

• Some operations may not be available on some models of iPod.

• If the battery of the iPod is extremely low, charge it for a while before connection.

• Sony cannot accept responsibility in the event that data recorded to an iPod is lost or damaged when using the iPod connected to this unit.

• For details of environmental conditions for operating an iPod, check the website of Apple Inc.

To remove the iPod

For details, see "How to handle an iPod".

To clear the list of models already-paired and memorized in the unit

1 Press **I/O**.

2 Press **BLUETOOTH** (3) on the remote) to turn on the Bluetooth function.

3 Press and hold **BLUETOOTH** and **VOLUME +** – on the unit at the same time.

The MEGA BASS indicator flashes.

Notes

• You can perform step 3 to clear the list even during Bluetooth connection.

• This operation cannot be performed when the unit is pairing.

• To pair with this unit again, delete the model name of this unit from the iPod and perform pairing again. (See "To pair with an iPod".)

Operating by wireless music streaming

By using the Bluetooth connection, you can listen to the sound from an iPod or other Bluetooth device with the unit wirelessly.

Notes

• You can perform step 3 to clear the list even during Bluetooth connection.

• This operation cannot be performed when the unit is pairing.

• To pair with this unit again, delete the model name of this unit from the iPod and perform pairing again. (See "To pair with an iPod".)

Connecting optional components

You can enjoy the sound from an optional component, such as a portable digital music player, through the speakers of this unit. Be sure to turn off the power of each component before making any connections.

1 Firmly connect the line output jack of the portable digital music player (or other component) to the **AUDIO IN** jack on the back of the unit, using a suitable audio connecting cable (not supplied).

2 Press **I/O** to turn on the unit.

3 Press **AUDIO IN** to activate the **AUDIO IN** function.

The **AUDIO IN** indicator lights up.

4 Turn the connected component on.

The sound from the connected component is output from the speakers of this unit.

Notes

• The necessary type of audio connecting cable depends on the optional component. Be sure to use the correct type of cable.

• If the volume level is low, adjust the volume of the unit first. If the volume is still too low, adjust the volume of the connected component.

Other useful functions

Reinforcing the bass sound

Press **MEGA BASS**.

The MEGA BASS indicator lights up. To return to normal sound, press the button again.

About App

A dedicated Dock App for iPod touch/iPhone/iPad available at Apple App Store.

Search for "D-Sappli" and download the free App to find out more about the functions.

D-Sappli includes various timer functions: Alarm, Music Play Timer and Sleep Timer.

Español

Operaciones

Cómo manejar un iPod

Para colocar un iPod

Para asociar a un iPod

Para extraer un iPod

Para encender/apagar la unidad

Pulse **I/O** (Encendido/En espera).

El indicador de alimentación se ilumina al encender la unidad.

Ajuste del volumen

Pulse **VOLUME +/-** (VOL +/- en el control remoto).

Sugerencias

• El botón de encendido parpadea tres veces en verde cuando el sonido se ajusta en el volumen máximo o mínimo.

Para encender/apagar la unidad

Pulse **I/O** (Encendido/En espera).

El indicador de alimentación se ilumina al encender la unidad.

Para escuchar el sonido

Pulse **VOLUME +/-** (VOL +/- en el control remoto).

Sugerencias

• Si el modo de enlace de Apps para poner fin al mensaje emergente no se activa al iPod touch/iPhone/iPad, aparecerá repetidamente un mensaje emergente instando al usuario a descargar D-Sappli.

Desactive la función de enlace de Apps para poner fin al mensaje emergente.

• Para desactivar la función de enlace de Apps: Conecte el adaptador de ca. y luego presione **I/O** para apagar la unidad. Retire el iPod touch/iPhone/iPad del conector de la bandeja. Mientras mantiene presionado **PAIRING** (3) en el control remoto) nuevamente.

• Para volver a activar la función de enlace de Apps, repita los pasos anteriores. (El indicador de encendido parpadea una vez al activarse.)

Para escuchar el sonido

Pulse **VOLUME +/-** (VOL +/- en el control remoto) para escuchar el sonido.

El iPod conectado por última vez se volverá a conectar automáticamente cuando se active la función Bluetooth.

3 Selecione la música, el video, los juegos, etc. que desea reproducir en el iPod. Para obtener más información, consulte el manual del usuario del iPod.

Sugerencias

• Si el último iPod conectado no se vuelve a conectar automáticamente, pulse **BLUETOOTH** (3) en el control remoto. Si aún no se conecta, seleccione el nombre del modelo de este unidad desde el iPod. (Realice los pasos 4 a 5 descritos en "Para asociar a un iPod".)

• Para conectar un iPod alternativo, que ya ha sido asociado previamente a esta unidad, pulse **BLUETOOTH** (3) en el control remoto para desconectar el iPod conectado. A continuación, seleccione el nombre del modelo de la unidad desde el iPod alternativo al que desea conectar.

• Puede cargar el iPod en la bandeja mientras escucha música mediante la conexión Bluetooth.

• Si el nivel de volumen es bajo, ajuste primero el volumen de la unidad. Si el volumen sigue siendo muy bajo, ajuste el volumen del dispositivo Bluetooth.

Para terminar de escuchar
